---

## Skills

- **Front-End:** Angular, TypeScript, HTML5, CSS3, Bootstrap, Responsive Web Design
  - **Back-End:** Node.js, Express.js, MongoDB, MS SQL Server
  - **Tools & Platforms:** Visual Studio Code, Visual Studio, Git, SVN, JIRA, Postman
  - **Other:** RESTful APIs, RxJs, Agile Development, Code Optimization, UI/UX Best Practices
- 

## Experience

**JTSi Technologies India Pvt. Ltd.** | *Software Engineer* | Jan 2022 -Present

- Developed and maintained Angular-based web applications, improving user engagement by 40% and reducing page load time by 25% through front-end code optimization and performance tuning.
- Collaborated with backend teams to enhance .NET-based APIs and services, improving application scalability and performance.
- Enhanced business reporting by optimizing SQL queries and stored procedures, improving data retrieval efficiency by 30%.
- Conducted R&D on new front-end frameworks and tools, increasing project delivery speed by 25%.
- Collaborated with cross-functional teams to implement responsive UI components aligned with UX best practices.
- Implemented and managed Adobe RoboHelp for content documentation and knowledge base delivery, improving team collaboration and product documentation quality.

**Voxynoks Technologies** | *Full stack Developer* | July 2021 – Jan 2022

- Designed and implemented full-stack web applications using MongoDB, Express.js, Angular, and Node.js, boosting system performance and reducing page load times by 40%.
- Developed RESTful APIs with Express.js and Node.js to enable seamless client-server communication.
- Managed e-commerce platform features including product catalogs, shopping carts, and payment gateway integration.

**Satech Recharge Solutions** | *MEAN Stack Intern* | Mar 2021 – Jun 2021

- Assisted in building and maintaining web applications using the MEAN stack (MongoDB, Express.js, Angular, Node.js).
  - Gained hands-on experience in front-end development, API integration, and database management.
- 

## Projects

**OfficeGaps** – Integrated Business Management Solution

- Developed scalable back-office automation systems to streamline operations for SMEs and enterprises, enhancing operational efficiency.
- OfficeGaps is a full-fledged SaaS solution which fulfils all necessary business software requirements to streamline your workflow.

**QualCheckers** – AI-Powered Survey Platform

- Created a survey management tool with AI analytics to optimize survey design and tracking, improving data accuracy and insights.
- QualCheckers platform also gives you the ability to manage, monitor, and track your surveys at scale

**Zamzouq** – E-commerce Application

- Built a user-friendly e-commerce platform with enhanced UI/UX for seamless shopping and transaction experiences.
- Designed and implemented intuitive interfaces for smooth product browsing, efficient filtering, and a streamlined checkout process.
- Utilized Angular, Node.js, MongoDB to ensure performance and maintainability.

**Digital Menu (Personal Project)**

- Developed a smart digital menu application improving order accuracy and customer satisfaction by 30% through intuitive design and real-time updates.
- 

## Education

- **Master of Computer Application (MCA)**  
APJ Abdul Kalam Technical University, Kerala | August 2019 - July 2021
- **Bachelor of Science in Computer Science** | July 2016 - April 2019

## Certifications

- **Angular Basics – HackerRank**
- **Build Amazing Apps with Angular and ASP.NET Core REST API – Udemy**
